Dear [REDACTED]

Freedom of Information Act 2000 request: MS FOI

With reference to your request for information, dated 16th February, made under section 1(1) of the Freedom of Information Act, I am writing to inform you of the outcome of your information request.

You asked the following:

Number of patients with an annual review in the last 12 months and number of patients with an MRI in the last 12 months being treated with the following products:

- Tysabri
- Gilenya
- Interferon beta 1a
- Interferon beta 1b
- Copaxone
- Lemtrada
- Tecfidera
- Aubagio
- Plegridy

I would also like to request the following information on patient numbers:

- Number of new MS diagnoses
- Number of patients who have had a relapse in the above month
- Number of relapse events in the above month

I would like this information for the period March 2015 to February 2016, broken down by month and provided to me electronically in the spread sheet provided and returned to foiresponses@openhealth.co.uk

Our response:

Central London Community Healthcare does not provide diagnosis and management of MS as a long term condition. This is predominantly provide by primary and secondary care. We are therefore unable to provide a response to your request as we do not hold the information being requested.

This completes our response to your request for information. If you are unhappy with our response, please write to us giving your reasons and we will address them. If you remain dissatisfied you are entitled to appeal to the Information Commissioner:
