

TREE OF TALKING

A large tree-shaped graphic with many branches. Each branch contains a white rectangular box for recording a word and its date. The boxes are arranged in a pattern that follows the shape of the tree's canopy, with more boxes on the outer edges and fewer towards the center. Each box is divided into two sections: 'Word:' and 'Date:'.

- By 18 months we expect 5-20 words
- By two years we expect at least 50 words and at least 2 words together
- By three years we expect short sentences of 4-5 words together

12 Months
