Freedom of Information Act 2000 request: Blood pressure monitors

With reference to your request for information, dated 8th July 2016, made under section 1(1) of the Freedom of Information Act, I am writing to inform you of the outcome of your information request.

You asked the following:

1. *Total number of all types of blood pressure monitors in your institution (e.g. 1000 blood pressure monitors overall)*
2. *Can you please list all the types of blood pressure monitors and its quantities (e.g. NIBP - x20, SpO2 - x20), all brands (e.g. Omron - x20, Criticare - x20, Datascope - x20), and all models and its quantities (e.g. Criticare 506DXN - x10, Criticare 507DXN - x10, Datascope Accutorr + x20). We would like to ask you kindly if you can state this information in a separate spreadsheet document.*
3. *In which departments do you use blood pressure monitors? (e.g. 20 Omron in wards, 20 Criticare in ITU, 20 Datascope in outpatient surgery).*
4. *Types of devices acquired in period of 2014 - 2016 (e.g. 100 Omron monitors in 2014, 150 Criticare monitors in 2015.)*
5. *Minimum and maximum price of blood pressure monitors. If you can not get this information / it is too costly, please give us an average price of a single blood pressure monitor*
6. *Please provide a full contract with supplier of blood pressure equipment*
7. *Which quality tests or quality standards a blood pressure device must pass in order for you to consider it as a good quality blood pressure monitor (e.g. CE Marked)*
8. *Can you please provide regulations and guidelines that your institution follow (we would like to know about national, local and your own guidelines + regulations (if it also possible can you please attach medical device management action card + medical equipment pre-registration form))*
9. *What creates extra costs for the usage of monitors on a yearly basis? Please break it down in terms of types. (e.g. cuffs = £2.000, hoses = £3.000, maintenance = £5.500)*
10. *Do you provide maintenance in-house or out?*
11. *Approximate cost of maintenance a single blood pressure monitor per year*
12. *How do you provide training to medical staff when a new blood pressure monitor is introduced in your hospital? (e.g. manual handbook, training sessions from suppliers)*
13. *How the supply chain is established in your organisation when you order new blood pressure monitors? (e.g. supplier delivers the products, courier or take out?)*

14. Do you provide feedback to your suppliers? If "yes" how? (e.g. emailing, calling, submitting a form)
15. What is the average useful life of a single blood pressure monitor?

Our response:

1. 784.
2. Please see the attached spreadsheet.
3. Please see the attached spreadsheet.
4. Breakdown by Type of monitor acquired during this period is not available.
5. Blood pressure machines can range from around £40 to several hundred depending on the specification of the device.
6. The supplier of blood pressure machines to CLCH is NHS Supply Chain.
7. CE marked and approved by the British Hypotension Society.
8. Internally we have our Management of Medical Devices Policy and externally we adhere to national guidelines from the MHRA, CQC, NHSLA & NICE.
9. We do not have access to the cost of replacement parts as this is the responsibility of our contractor to provide. Prices will vary depending on make and model of devices.
10. Maintenance is outsourced.
11. £10.
12. This is carried out at local induction, unless the device is new to the organisation, then training is provided by the supplier/manufacturer.
13. Delivered.
14. Yes if there are issues by way of calling or emailing.
15. Approximatley 7 years.

This completes our response to your request for information. If you are unhappy with our response, please write to us giving your reasons and we will address them. If you remain dissatisfied you are entitled to appeal to the Information Commissioner:
