**Freedom of Information Act 2000 request: Research Enquiry staff earning less than £30k**

With reference to your request for information, dated 9<sup>th</sup> June 2016, made under section 1(1) of the Freedom of Information Act, I am writing to inform you of the outcome of your information request.

**You asked the following:**

*'I was in contact recently regarding research Mike Freer MP was undertaking about the impact high house prices were having on NHS Hospitals' ability to recruit junior staff. Further to this enquiry, I would like to ask whether it would be possible if you could provide figures for the total number of staff that work at your hospital and are earning under £30,000 per annum'.*

**Our response:**

*The total number of staff employed by Central London Community Healthcare NHS Trust earning less than £30,000 per annum is 1630. This figure includes the higher cost of living allowance staff receive and part time staff who would earn over the amount if they worked full time hours.*

This completes our response to your request for information. If you are unhappy with our response, please write to us giving your reasons and we will address them. If you remain dissatisfied you are entitled to appeal to the Information Commissioner:

Customer Contact  
Information Commissioner's Office
